

Arctic Photography Workshop

Peterson's Point Lake Lodge

Point Lake, Northwest Territories

One of a kind photography workshop designed for all skill levels, from beginner to experienced photographers.

Spectacular Wildlife, Northern Lights & Stunning Scenery

Autumn is an incredible time of year, especially 200 miles north of Yellowknife on the edge of the barrens, where the landscape is ablaze with vivid colours of reds, golds and yellows. So close to the Arctic Circle you can have the opportunity to explore this stunning landscape while photographing the spectacular wildlife.

Home to the iconic barrenground caribou, grizzly bears, moose, wolves, and wolverine are some of the highlights that may be seen during our Arctic Photography Workshop. This unique ecosystem also hosts a variety bird species, many nest seasonally to have their young. Delicate yet hearty shrubs, plants, fungi, lichens and mosses carpet the ground beneath your feet, providing limitless compositions for macro photography.

Situated under the auroral oval, the starlit skies, provide the perfect backdrop to the aurora. With lakeside access right outside your cabin door it's ideal for capturing reflections.

Led by professional photographer, Cheryl Stewart, who will offer advice and share technical information in a way that is easy to apply to help you get the photographs you want. Experienced guides also accompany the group for their wildlife spotting skills and for safety. Small group sizes mean you'll have plenty of in-field instruction when desired.

Come join us on an extraordinary adventure that will immerse you in the grandeur of the great Canadian barrenlands. There are only two dates available. Sign up today!

If you love wildlife, awe-inspiring night skies, breathtaking landscapes and want to enhance your photography skills, contact us to reserve your space.

5 NIGHT/6 DAY ITINERARY

Day 0 – Arrive in Yellowknife

The excitement begins! Please ensure you arrive in Yellowknife at least one day prior to your flight to the lodge. Arriving early will not only provide you additional time if you experience flight or baggage delays, but it will also give you the opportunity to meet fellow travellers, your photo leader and explore the Yellowknife area with our trip extension options. Please ask us about these value-added options.

Day 1 – Destination Peterson's Point Lake Lodge

The adventure begins! One of our friendly representatives will pick you up at your hotel to drive you to the Air Tindi float base. While luggage is weighed, and the plane is being loaded enjoy a lakeside complimentary continental breakfast & celebratory beverage before your scenic float plane flight to Peterson's Point Lake Lodge. Upon your arrival, our team will provide an introduction and safety briefing over lunch. After a guided tour of the lodge and getting settled into your assigned cabin there is time for a nearby hiking excursion.

Day 2 - 5 – Wildlife Photography, Northern Lights & More

Your days will include guided hiking and boating excursions, where you can walk in deeply entrenched caribou paths or hike rolling hills and sand eskers – always on the lookout for wildlife, intricate macro creations, colorful landscapes and sweeping vistas. Your workshop leader will be alongside to assist with camera settings, composition advise or any help you may need, moving along at your own pace. Evenings may be dedicated to photo reviews, critiques and instruction, depending on group dynamics. Weather permitting, nights will be spent fine tuning northern lights photography skills, milky way photography, light painting or stargazing. You'll be inspired to be up and out early to capture the spectacular morning sunrises, even if you were up to the wee hours the night before. Day and night-time activities will be adjusted to conditions, along with, the energy and feedback from the group.

Day 6 – Final Day, Departure & Goodbyes

This is last day of your workshop. There's plenty of time to photograph the sunrise and enjoy a leisurely breakfast before packing for your return flight to Yellowknife. Upon your arrival you will be met by a member of our team to transport you to your hotel or airport.
