"Just wrapped up an outstanding 7 day trip to Peterson's Point Lake Lodge. The trip could not have been better. This was our first trip and definitely won't be the last. We caught multiple big fish including 3 over 30 pounds on flies. So much fun to tie into big lakers on a fly, and these Point Lake fish are strong. The fishing, staff, food and lodging were all outstanding. A truly memorable trip."

~ Greg Stewart ~

GENERAL ITINERARY*

First Day - Flight to Peterson's Point Lake Lodge

One of our friendly representatives will pick you up at your hotel to drive you to the Air Tindi float base. While luggage is weighed and the plane is being loaded, enjoy a lakeside complimentary continental breakfast and celebratory beverage before your scenic float plane flight to Peterson's Point Lake Lodge. Upon your arrival our team members will be there to greet you and provide a guided tour of the lodge. Your baggage will be delivered to your assigned cabin. After lunch and a safety briefing enjoy the rest of the day on the lake fishing for trophy lake trout. Supper is typically served at 7:00 pm; our cook will have prepared a sumptuous meal, where local ingredients are often incorporated into the menu.

Your Typical Day

Begin your day with a lakeside view. Enjoy a steaming hot cup of coffee and nourishing breakfast. This is a great time to discuss the days' activities; anglers & guides can plan lunch whether they prefer to take a prepared picnic lunch or stop for an incredible shore lunch and talk about fishing locations. It is easy to follow along on the Point Lake map hung on the lodge wall. Each day at Point Lake is unique, as weather and fishing action will influence the day's activities. Anglers often depart for a day of fishing at 8:00 am, that being said, this is your trip and schedules can be easily modified.

Last Day - Return to Yellowknife

Enjoy a leisurely breakfast before packing for your return flight to Yellowknife. Your flight departs at approximately 9:30 am, landing in Yellowknife at approximately 11:30 am. Our team will be there to meet you at the float base to take you to the airport or hotel. If time permits we're happy to take you shopping at the local stores and/or enjoy a bite to eat at one of the local restaurants.

Important Trip Notes - Arrive in Yellowknife

Considering the charter float plane flight to the lodge is early morning, please ensure you arrive in Yellowknife at least one day prior to your flight to the lodge. Arriving early will not only provide you additional time if you experience flight or baggage delays it will give you the opportunity to meet fellow anglers and explore Yellowknife. Ask us about available Yellowknife add-on tour options.
